

RAILROAD EMPLOYEES DEMAND SHARE IN OPERATION OF ROADS

WASHINGTON, D. C., August 5.—Organized labor came out today with the unequivocal demand that capital be returned to the railroads. A tripartite control, composed of the public, the operating management and the employees is demanded instead. Addressed to the American public and aimed by the engineers, the firemen, the conductors and the American Federation of Labor, a formal statement was issued announcing the proposal which will be carried before congress today.

"It marks," says the statement, "the step by which organized labor passes from demands for wage increases to demands for the system of profits in industry be reestablished."

"This sequence sums up in a few words the proposal of which there have been hints and indications, but which is now laid before the country for the first time. Everywhere in official Washington it is recognized as the most serious and far-reaching proposition the country will be called upon to face."

"Characterizing the proposal as 'labor's bill,' it is put forth as a remedy for the high cost of living, because the railroads are the key to the nation."

"We ask that the railroads of the United States be vested in the public; that those actually engaged in conducting that industry, not those from Wall street, but from the railroad offices and yards and out on the railroad lines shall take charge of this service for the public."

Briefly labor's plan demands:

That private capital be eliminated from the railroads.

That the private owners receive for their government bonds "with a fixed interest return for every honest dollar they have invested."

That the tripartite control heretofore referred to, be established in corporations which shall lease the roads and in which the public, the operating management and labor shall be represented equally.

That the public, the operators and the wage earners share equally all revenue in excess of the guarantee to private capital, by granting to the operators and the employees one-half the savings which are expected to be made by such a perfected organization and to the public the other half as consumers, either by increasing service without adding costs, or by reducing costs.

"This role originates with labor," says the statement, "because labor happens to have firm organizations through which it may become articulate."

The trainmen are not represented in the statement because, W. G. Leo, president of the brotherhood, was out of the city, but it was said that they join in it.

The statement follows:

TEXT OF STATEMENT

"The incursions in telegraphed dispatches from Washington, appearing also in the speech of Representative Blanton, of Texas, that the railroad unions are holding up congress and the government, may 'as well cease.' This appeal is made to the American people direct. It invokes the judgment and the common sense of public sentiment of all the public which carries a wage or dividend."

"We recognize that the only way in which we can exist under the present system is to demand further increase in wages. But we agree with Representative Blanton that this affords but temporary relief. It does not offer a remedy."

TO PRESENT FULL ARGUMENT

"Labor's bill, on the other hand, provides a remedy, and we ask merely that its terms be scrutinized. Our full argument in support of the terms will be presented Wednesday before the house committee on interstate commerce. In this statement we are summarizing the note of our basic principle."

"That this role originates with labor is merely because labor happens to have firm organizations through which it may become articulate. It is not because labor alone; it is the settlements only, of questions arising out of difference as to wages, hours and conditions of labor. That principle of 'genuine co-operation and partnership based upon a real community of interest and participation in control' of which President Wilson has spoken to congress, has been ignored both by labor and by the private owners of the railroads."

"What wage increases have been received during the last few years resulted only in immediately letting in increases in the cost of living. Each rise in wages has turned out to mean only temporary relief for the affected workers. When the increases have gone around the circle, labor as producer loses the advantage of the new wages through the additional cost it pays as consumer. Moreover, through compounded profits taken in these wage increases, each circle becomes an upward spiral of costs which the consuming public vainly reaches to control."

PRESIDENT DEVOTING WHOLE TIME TO PRICE WAR

Clash Imminent Between Radical Miners, Deputies

WHEELING, W. V., August 5.—Twenty deputy sheriffs armed with riot guns were rushed to the Fort Pitt coal mine, south of Bellaire, Ohio, near here, this afternoon, following receipt of reports of a clash between striking miners believed to be led by radical agitators and other more conservative workmen. Early reports were that rioting broke out after the strikers refused to permit the other miners to work.

According to reports received here, the strikers are demanding a six hour day and large wage increases, attached to the strike. The situation, it is said, got beyond control, of the Bellaire authorities, and a hurried appeal was made to the sheriff of Belmont county for aid. Advances just before noon said further trouble was expected.

The strikers are said to have been assisted by Bolshevik agents and to have formed a radical organization.

When the deputies arrived on the scene the strikers, numbering more than 200 men, retreated beyond gunshot and appeared to be planning to make a stand and reports received here shortly after noon said a pitched battle between the miners and deputies was expected. Sheriff John Osborn, of Belmont county, who was on the scene, said he had given his men orders to shoot to kill and not waste any ammunition if attacked.

According to reports received here, the strikers recently formed the Bolshevik organization in defiance of the United Mine Workers' and it has no connection with the union. The radicals represented nearly two-thirds of the men employed at the mine. The remaining third, comprising more conservative workers, remained loyal to the union and their employers. Russian agents, it is said, have been working among miners of the Bellaire district for some time.

SHOPMEN'S STRIKE IS SPREADING

CHICAGO, Aug. 5.—The strike of federated railroad shopmen, which started last Friday, continued to spread today and, according to officials here of the district council directing the walk-out, a complete tie-up of the railroads of the country will result within a few days unless their demands for higher wages are met at once.

While the Chicago district is the center of the strike, reports from the northwest, southwest, southeast, Ohio, Indiana and as far west as Colorado, show that the shopmen continued to join the walk-out. In a few instances, however, local unions voted to remain at work until the order to strike came from the officials of the grand lodge in the regular way.

The day's claims of further strikes as made by the district council officials were concurred in by the grand lodge officers. They contemplated a complete tie-up of the railroads, unless the men yielded to the plea to return to work pending action by the grand lodge officials, who are now presenting the demands to Director General Hines at Washington.

In this section grand lodge officers have begun a tour of principal points to counteract the efforts of committees sent out from district headquarters here. R. H. Ashton, regional director of railroads, said that traffic thus far had not been impeded by the strike and that he expected a speedy return of the men now out.

ALL BRANCHES OUT TO SWAT OLD HIGH COST

WASHINGTON, Aug. 5.—Efforts of the government to force down the cost of living overwhelmed all else today in Washington with these developments expected:

The increased cost of living was to be taken up at the second meeting of the conference of cabinet members and other high officials called by Attorney General Palmer. At this meeting was to be heard recommendations of the special committee, consisting of Director General of Railroads Hines, Assistant Secretary of the Treasury Leffingwell, and Chairman Colver, of the federal trade commission.

Action by the executive branch of the government to lower prices was understood to be the chief subject to come before the regular Tuesday cabinet meeting.

The senate agricultural committee planned to discuss measures of bringing down prices.

Chairman Esh, of the house interstate commerce commission, was prepared to urge that the house take action on the Tinkham bill for investigation by the federal trade commission of an alleged artificially created sugar shortage, while Representative Igo, of Missouri, was ready to renew his request that his resolution directing a federal trade commission investigation of shoe prices be taken up.

RETURN TO 'LESS' DAYS SAYS ATTY. GENERAL

COLUMBUS, O., August 5.—"If present high prices of commodities are found to be the result of natural causes, then the people have the remedy in their own hands—they can force down prices by united action in a revival of war time conservation," said Attorney General John G. Price today.

"Our investigation now under way will show whether prices are held up through natural causes—the law of supply and demand—or whether by understandings and agreements in violation of the law."

"If the prices are a result of combination we can break them up, if evidence can be gathered, but if due to normal causes, then a club in the hands of the public would accomplish more than all officials could accomplish."

General Price suggests a return to "meatless" day as one of the remedies in the hands of the public. "If the entire country should refrain for a time from eating meats, I believe, that prices would tumble without further regulation," he suggested application of the same principle to other commodities.

Frank G. Croston, former federal food administrator for Ohio, is said to hold the same opinion. Price also suggests forcing stored food on the market.

METAL TRADES TO JOIN IN DEMANDS ON CONGRESS

SAN FRANCISCO, CAL., Aug. 5.—The metal trades department of the American Federation of Labor will make demands on congress and the president this month that measures be taken to reduce the high cost of living, James O'Connell, chairman of this department said. Membership of the metal trades exceeds 500,000, says O'Connell.

Britain And Argentina in a Near Break

BUENOS AIRES, Aug. 4.—Diplomatic relations between Great Britain and Argentina, as a result of the purchase by Argentina of the German battleship Bismarck, are delicate, according to La Nacion.

In tomorrow's edition the newspaper will say:

"Recording rumors which from the beginning have been founded on more than supposition, we have received versions, the gravity of which are self-evident, and according to which, the return to London of Sir Reginald Tower, British minister to Argentina, and the departure of Francisco Alvarez de Toledo, Argentine minister to England, from London are not disconnected. On the contrary, it appears the retirement of both ministers is traceable to the purchase by Argentina of the battleship Bismarck from the German government, which purchase the British government refused to recognize."

"Following this refusal, Argentina attempted to solve the difficulty by appointing as minister at London, Senor Toledo, who as minister of marine, handled the negotiations for the purchase of the ship. He presented his credentials to the British foreign office some time ago, but a considerable period has elapsed without King George receiving him. It is reported there is no probability of his reception in the near future. It appears this might have been expected as the British government never stated that Senor Toledo was persona grata. It will be remembered the Argentine government has waited a long time for a response to its inquiry as to the purchase of the battleship Bismarck and there now appears reason for believing that Sir Reginald's favorable intimations relative to the deal were solely his personal impressions."

Another newspaper, La Nacion, in commenting on the situation says:

CONSIDERS PLANS TO RESTORE WHEAT TO A FREE MARKET

WASHINGTON, Aug. 5.—Attorney General Palmer expects to be ready to present a preliminary report to President Wilson today concerning possible steps to be taken by government agencies in the effort to reduce living costs.

Julius H. Barnes, president of the United States Grain Corporation, has been called to the White House for late today, and it is understood the president will take up with him a proposal to restore wheat to a free market, with the government making good the difference between the market price and the \$2.25 guarantee to the farmers.

Conferees with Republican and Democratic senators on the League of Nations have definitely been abandoned by the president until the problem of the high cost of living are solved, Secretary Tumulty announced.

The president, Mr. Tumulty said, is going to give his whole time to the question of the high cost of living. Administration officials feel that one way to decrease the cost of living is to increase production, and President Wilson is understood to feel that strikes now, or threats of strikes, will interfere materially with any solution of the problem sought by government agencies.

Whether the president will go before congress to recommend steps designed to relieve the situation, in which the country finds itself, will depend, Mr. Tumulty said, on the nature of the report to be made by Mr. Palmer.

Members of the president's cabinet went into Mr. Palmer's early today with Mr. Palmer to receive the report of the special committee appointed last week to tabulate the various suggestions thus far advanced. The conference was expected to continue until just before the regular Tuesday cabinet meeting at the White House.

Mr. Palmer's report was to be submitted at the cabinet meeting and the president then planned to discuss market for wheat with Mr. Barnes.

Rumanians Plundering In Budapest

BUDAPEST, Monday, August 4.—(By the Associated Press)—Thirty thousand Rumanian troops, including infantry, cavalry and artillery, entered the city today with a mass of transports. The Rumanian forces, led by General Maréchal, passed through Andrássy and other streets.

PARIS, August 5.—Telegrams from American officials at Budapest state that Rumanian troops upon entering Budapest yesterday started plundering in the suburbs. Fifteen or twenty civilians were killed by the Rumanians during the day, it is added.

The American reports said the Rumanians were demanding hostages and threatened to kill five hostages for each Rumanian soldier injured in Budapest.

Some members of the new Hungarian ministry, the telegrams state, have been arrested by the Rumanians, who have mounted machine guns in various parts of the city and demobilized the local police. The city is absolutely under military control.

WARREN MAN HEADS OHIO SELECT LIST

CLEVELAND, O., August 5.—Colonel F. S. Van Gorder, one of the publishers of the Warren Daily Chronicle, was elected president of the Ohio select list of daily newspapers at its annual meeting here late yesterday, succeeding Harry E. Taylor, of The Portsmouth Times. C. H. Spencer, of the Newark Advocate, was re-elected secretary-treasurer.

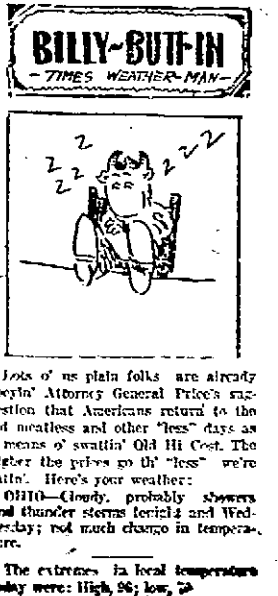

By unanimous action the publishers directed their directors to affiliate with the advertising bureau of the American Newspaper Association.

In addition to Colonel F. S. Van Gorder, who commanded the 145th Infantry overseas, and Mr. Spencer, directors chosen included Fred Wallace, of the Cuyahoga Tribune; J. A. Chew, of the Xenia Gazette; and W. D. Thompson, of the Delaware Gazette, and E. R. Coppel, of the Mansfield News, who also was elected vice-president.

LOTS of us plain folks are already obeying Attorney General Price's suggestion that Americans return to the old meatless and other "less" days as a means of swatting Old Hi Cost. The higher the prices go the "less" we're eating. Here's your weather:

OHIO—Cloudy, probably showers and thunder storms tonight and Wednesday; not much change in temperature.

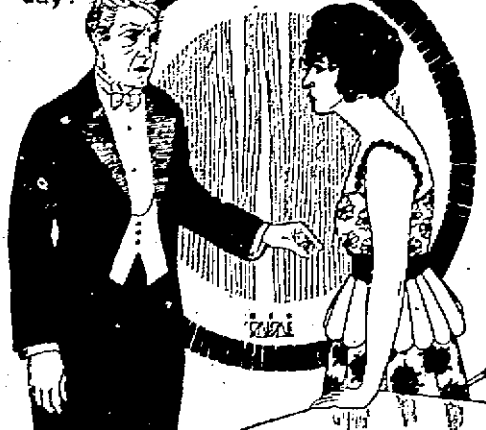

The extremes in local temperature today were: High, 96; low, 72.

In Columbus' primary election in Lewis county, Ky., John Trumbo was elected to the Republican nomination for representative with a splendid majority. He is a well-known and popular man in the community.

N. & W. SHOPMEN WILL FOLLOW WHEN PAN HANDLE MEN STRIKE, CLAIMS OFFICIAL IN COLUMBUS

COLUMBUS, O., Aug. 5.—Machinists, boilermakers, electricians, carpenters and plumbers employed at the Pennsylvania Railroad shops will join the nationwide strike of shopmen at 9 a. m. tomorrow. Decision to walk out came at a mass meeting of several hundred employees today noon at the Pan Handle shops. Thirty-five hundred men will be affected, according to Scott Webb, president of the shopmen's local union.

Six hundred employees of the Norfolk and Western shops will follow the action of the Pennsylvania shopmen in striking, according to M. N. Burke, chairman of the shop committee of the N. & W. employees' union. Burke announced at the mass meeting at the Pennsylvania shops today that the N. & W. shopmen were waiting only for the Pan Handle employees to take the lead.

Employees at the Hocking Valley shops are to meet tonight to take action. Both Webb and Burke said that they would join the walk-out.

Ignore Grand Lodge Officers
CHICAGO, Aug. 5.—John D. Saunders, secretary of the Chicago district council of the Federated Railway Shopmen's Union, said this morning that his organization had refused to take the strike vote ordered by the grand lodge officers.

"We will pay no attention to orders issued by the grand lodge," said Secretary Saunders. "No strike vote will be taken and we will not return to work until our demand for increased wages have been granted. Furthermore, we will refuse to negotiate for a settlement through the grand lodge."

Secretary Saunders received word today that the 10,000 shopmen on the Norfolk and Western railroad in Virginia will walk out tomorrow. He said that the strike is spreading daily. At noon he estimated that nearly 900,000 shopmen were out.

JOHN C. & O. STRIKERS
CINCINNATI, O., August 5.—Railroad mechanics employed at the Louisville and Nashville shops in Covington and Decatur, Kentucky, across the Ohio river from Cincinnati, left their work today and joined the strike begun last night by the Chesapeake and Ohio employees. There are approximately 700 Louisville and Nashville employees in this walk-out, including about 450 men at the Covington shops and 250 at the Decatur yards and representing every branch of the federation of shopmen.

Six hundred shopmen of the Chesapeake and Ohio Railroad at the shops in Covington and River Grove, Kentucky, and 400 mechanics of all kinds in the Big Four round houses at Riverside and Sharonville quit their posts yesterday.

SEE REPORTS
CINCINNATI, O., Aug. 5.—Official and Pletcher Charles See, who was purchased from the Rochester International League club for a price said to have been \$10,000, reported to Manager Moran of the Reds today.

See, who was bought last week, is said to have held out for a part of the purchase money and to have compromised on this matter with the Rochester club, before consenting to report to the local club.

DEMORALIZATION IN THE GRAIN MARKET

CHICAGO, Aug. 5.—Demoralization seized the grain and provision trade this afternoon and forced down corn 5-12 cents a bushel in some cases and pork \$3.50 a barrel. Extreme breaks were to \$1.39 for May delivery of corn and \$41.50 for September delivery of pork.

The reason for the collapse of values was the possibility that the price of wheat to consumers might be slashed at once by the government as a radical measure against the high cost of living. In the excitement attending the developments in the corn market, prices fell 1-2 cent between trades. The descent did not cease until corn had reached a level of 22 cents a bushel below the high point of the market a week ago.

NEW YORK, Aug. 5.—There was a continuance of yesterday's excited selling in the cotton market today and a further sensational break in prices with October contracts selling off to 20.85 during the early trading. This made a decline of nearly \$7 per bale from the closing prices of yesterday and of approximately 5 cents a pound or \$25 a bale from the high level touched toward the end of last month.

JAPS ISSUE STATEMENT

TOKIO, Aug. 5.—Viscount Uchida, the Japanese foreign minister, in a statement issued today, declares that Japan does not intend to claim any rights affecting the territorial sovereignty of China in Shantung. He promises that the Japanese troops will be withdrawn immediately an agreement is concluded with China.

Japan, moreover, the foreign minister's statement adds, is considering the establishment at Tsing Tao of a general foreign settlement instead of a purely Japanese settlement.

FALLS FORTY FEET

Louis Nida, married, painter of Hastings Hill, above Sciotoville, was seriously injured, Tuesday afternoon when he fell a distance of forty feet from a smoke stack at the blast furnace New Boston.

He suffered a broken leg, arm and injury to his right jaw. Nida had been painting the stack and was coming down when he got tangled up in the rope and fell to the roof of the blast furnace power house.

He was treated in the steel company's hospital and then removed to Hesperia hospital in Lynn's ambulance.

Fair Opens Wednesday

Tomorrow will be the first day of the 14th fair. The races will be started at 2 o'clock sharp. The horses will be called out at 1:30 o'clock. The opening day races are a 2:30 pace and 2:35 trot. Three races, two paces and a trot will be run Thursday. There will also be three races Friday the last day of the fair.

NEW GASOLINE FILLING STATION

Within a few days work will be started on the splendid building to be built at Galtis, Young and Robinson avenues by the Ohio Cities Gas Company. A five year lease was secured on the ground by the company from the owners of the property Dr. Carl Bismuth, who has had two frame houses on the site razed within the last week.

FINE PROMOTION FOR MR. LOREY

Phil Lorey who has been connected with the sales department of the Selby shoe company for sometime has been given a much merited promotion having been sent to Detroit where he will be assistant to salesman J. L. Lindsey, who covers Michigan and the northern part of Indiana. Mr. Lorey will have charge of Mr. Lindsey's office in Detroit and will also cover some of the smaller places near Detroit.

Phil Lorey has had considerable experience in the office of the sales department in the local plant and is well qualified for the new position. Mr. Lorey left today for Detroit. His wife and two children will join him Saturday. They will make Detroit their home.

N. & W. SHOPMEN STICK TO POSTS, MAY QUIT WEDNESDAY, IS REPORT

Officials of the N. & W. in East Portsmouth stated at 3:30 this afternoon that all shopmen were at work as usual.

Admission was made that they had heard rumors to the effect that the men were to go out sometime Wednesday. Shopmen in authority refused to deny or affirm the rumors.

According to telegraphic information from Columbus, Panhandle employees are to quit at 9 a. m. Wednesday and they may be followed by N. & W. shopmen.

It was stated this afternoon that not a single C. & O. shopman was at his post between Cincinnati and Huntington.

NEW DEPUTY NAMED BY SHERIFF; EUGENE KETTER IS APPOINTED

Sheriff E. E. Rickey announced this afternoon that he had appointed Eugene Ketter, of Sciotoville, a deputy sheriff and his salary will be \$110.00 per month.

Mr. Ketter will have charge of impounding tagless dogs in Scioto county and the much needed question of having a dog catcher for the county has been settled.

Mr. Ketter's appointment was approved by Judge Thomas and he will launch a campaign against tagless dogs. He is a son of the late Sheriff Fred Ketter.

Mr. Ketter's appointment was approved by Judge Thomas and he will launch a campaign against tagless dogs. He is a son of the late Sheriff Fred Ketter.

OBITUARY

Charles Damon Moore

Death visited the home of Mrs. Ethyl Moore, of Mt. Joy, Monday evening at 9 o'clock, claiming her youngest son, Charles Damon Moore, after an illness of several days with whooping cough and complications. The entire community extended their deepest sympathy to the bereaved mother in her hour of grief. Besides the mother the babe is survived by one sister, Nora and one brother, Frank Moore. The father, Oscar Moore, died a few months ago. Short services will be conducted Wednesday morning at 10 o'clock at Dry Run cemetery, where burial will be.

Mrs. James Saxton

Mrs. James Saxton was born November 10, 1837, in Wayne county, Ohio, and departed this life August 4th, 1919, aged 81 years, 7 months and 15 days. She was married to James Saxton in 1854, he having preceded her to the Great Beyond seven years ago. She was the mother of ten children, nine dying in infancy, and one still surviving, Mrs. Great Doll, of Nauroo, with whom she made her home. She was a devout Christian, being a faithful member of the First Baptist church of this city. She leaves to mourn her death a host of relatives and friends, two grand-daughters, Mrs. Walter Malone, of Scioto Trail, Mrs. Irma Hyatt, of Oakland avenue, and seven great grand children. Funeral services will be conducted from the home in Nauroo Wednesday at 2 p. m., with Rev. E. L. Averitt, of the First Baptist church, in charge. The remains will be laid to rest in Greenlaw cemetery.

Orlet Funeral

Funeral services of the late Joseph Orlet, well known Pond Creek farmer, who was found dead in bed early yesterday morning, will be conducted from the Holy Trinity church of Pond Creek Wednesday morning, at 9 o'clock, with Father H. J. Taske in charge. Burial will be in Pond Creek cemetery.

Mrs. John Wales

Death, pitilessly and peacefully, claimed Mrs. Maude Wales, beloved wife of John Wales, expert machinist at the Selby Shoe Co., Monday evening, at her home 1215 Third street, after an illness of several days. The death of this good woman was unexpected except to the immediate family, and came as a distinct shock to the people of Portsmouth in general and particularly to the members of the First Christian church of which organization she was a devout and faithful member.

For some weeks Mrs. Wales had not been feeling the best, but she attended all services of the church of her choice, which had been her custom for many years. Regardless of the seasons, Mrs. Wales was always found in her accustomed place at the church and she was ever ready to do even more than her part. Her departure will be deeply regretted by the entire membership, not only of the church but Bible school and Christian Endeavor Society as well.

Mrs. Wales, who was born in Virginia, September 15, 1849, had reached the age of 69 years, 10 months and 20 days. Practically all her married life was spent in this city where she won the affection of friends by her cheerful disposition. Of a most cheerful nature, smiling toward her and her universal good nature and helpful optimism were as a ray of pure sunshine. Her home life was ideal. She and her husband were deeply attached to each other and were ever solicitous as to each other's welfare. Her children were her inspiration and she was never happier than when surrounded by them and her loving husband.

Mrs. Wales will be missed in the church and in the community. But she left a heritage that should serve as an inspiration to those who loved her. She passed away with a smile on her lips, knowing full well that the reward she had so well won would be hers.

Besides her husband, she is survived by four children, two daughters, Mrs. Charles Richmond, of Tenth street, and Mrs. E. E. Reed, of Oregon, also two sons, Frank Wales, 103 Front street, and Harvey Wales of Mid street. Two brothers, Charles Spriggs, of Texas, and John Spriggs of Maryland, survive besides several grand children and four great-grandchildren.

Mrs. Wales was a member of the Local Branch of the First Christian Bible school, and was affiliated with practically every organization of the church.

The funeral will be held from the bereaved home, Thursday afternoon at 2 o'clock. It is not known as yet who will officiate. Her pastor, Rev. Charles H. Oakley, is away from home on his vacation and efforts are being made to secure Rev. E. J. Meacham, of Cincinnati to officiate at the end rites.

C. W. Kimble

Harvey Kimble of the Portsmouth Flat Company arrived home Monday evening from Greenfield, Ind., where he went to attend the funeral of his brother, the late C. W. Kimble.

FORECAST

For the week ending August 11, 1919. Fair to clear, with light to moderate winds. Temperature 60 to 70 degrees.

F. R. WINTER, River Observer.

FOLKS, I SURE LIKE PORTSMOUTH

THE PEOPLE HERE ARE SO THRIFTY AND THE CITY IS SO HOMELIKE—

I know every man, woman and child will be eager to meet me.

I WILL BE READY FOR YOU IN A FEW DAYS.

My Story Has Just Begun Watch Tomorrow's Paper

WAS 96

Today proved to be one of the hottest days of the summer, the temperature reaching 96. There seemed to be no breeze at all, which caused old Sol's rays to be felt all the more.

Granted a Divorce

Mary Ballenger was granted a divorce from David Ballenger by Judge J. S. Thomas this afternoon, on the grounds of gross neglect of duty. The plaintiff did not ask for alimony in her petition.

Three More For McHenry

Outfielder Austin McHenry, of the St. Louis Cardinals, whacked out three more hits Monday. Critics all around the National circuit look him as the best outfielder uncovered this season. McHenry is now hitting around the .300 mark.

Potts Likes The Redlegs

J. F. Potts, manager of the Armco theatre, has returned from a business trip to Cincinnati. While there he saw the Reds and Giants play. He says the Reds have a real club and have a great chance to cop the pennant this season.

To Leave Hospital

Clarence Bromley, N. & W. bridge man, who recently had a leg amputated in Hesperia hospital, will be moved to his home on Eighth street Wednesday. He is improving steadily.

TESTIMONY CLOSES IN FORD CASE

MOUNT CLEMENS, MICH., Aug. 5.—Judge Tucker, by rigorous exclusion of testimony and cooperation of expert in Henry Ford's \$1,000,000 lawsuit against the Chicago Tribune, brought testimony in the case to an end today. The jury should have its case next Tuesday.

No Clue To Robbery

Special officers who have been working on the robbery of the Central jewelry store, A. Winkel's store and Stewart's pharmacy, have failed to find any clue that will lead to the capture of the guilty parties.

The special officers say that they have the work of local talent insurance adjusters will be set Wednesday to adjust the loss at the jewelry store. The loss at the store will be covered by insurance.

Plan For Scrubs

The Sons of Veterans held their regular business session last night in the Carnegie library, completing arrangements to hold a social once every month with the Ladies Auxiliary present. A large crowd was present last evening and it is hoped the good attendance will continue throughout the season.

Your tribute to the deceased

Your tribute to the deceased should be one that you can place with you and on that will cause you no regrets. Our increasing business pays a tribute to our satisfactory service.

"MARY REGAN"

Story as published in Cosmopolitan Magazine, 2 million edition Novel
Hundreds of Newspapers
7 REELS OF
Intense Action.

Her father "Gentleman Jim" Regan, cynic and crook; her mother the refined daughter of aristocratic parents, who married him to uplift him. The story opens as Mary, orphaned by the death of both parents, comes into her mother's inheritance. Her father's old pals seek to use her for their own selfish ends—her mother's influence bids her seek a better life. Two men would wed her—one the charming but dissolute son of wealth, the other a real man in his own right.

Imagine a beautiful girl in such circumstances!

New Boston Council Paves Way For Vote On Annexation

Solicitor Instructed To Bring In Legislation For Vote On Question

At an interesting meeting of New Boston council Monday night that body by a vote of three to two instructed Solicitor W. R. Sprague to bring in the necessary legislation granting the electors of New Boston the right to vote on the question of annexing the village to Portsmouth at the November election.

The resolution which will have to be passed by council will be presented for passage at its next meeting which will be in two weeks.

The following Portsmouth business men, March C. Clark, C. W. Wilson, Attorney August Skelton, J. M. Taylor, Attorney A. Z. Blair, Simon Taylor, John Eckhardt, George Vandivort, Gilbert Monroe and Edgar F. Hepler, were present to urge that council take steps to give the voters of New Boston the right to vote on the all important question. On motion of Mr. W. G. Cheney, it was decided to hear the residents from Portsmouth first instead of taking them until the end of the council session.

Attorney A. Z. Blair was spokesman for the business men present and represented the Whitaker-Glessner Company, the Portsmouth Solvay Coke Company and the Breece Manufacturing Company.

Judge Blair said: "At a meeting of the Portsmouth citizens several days ago, we decided to come before council with this matter of annexation, the combining of various municipalities into one large city which would mean a better organized force and effort which would argue well for the future."

He spoke for sometime on the exact boundary line connecting Portsmouth and Sandusky and what it means for the future of this vicinity. He urged the combining of the several villages so the proper effort could be put forth in securing this annexation. He mentioned how Portsmouth and how Portsmouth.

annexed to the city, on application of the council of the city and on written request of two-thirds of the legal voters inhabiting the territory proposed to be annexed, the commissioners of the proper county may cause such alteration to be made, and the boundaries of the city and the village, respectively, to be established in accordance with the application and request, and such territory thereafter shall constitute a part of the city. In all such proceedings, the county commissioners shall be governed by the provisions as far as applicable of this chapter, prescribing the manner of proceeding on applications for the annexation of adjacent unincorporated territory to municipalities.

Mr. LaBelle Favors Proposed Annexation

Stanza LaBelle, who owns considerable land outside the village, and just east of it spoke in favor of the annexation, and how he would like to come in to Portsmouth and add his taxes to those of the city. Gilbert Monroe also spoke in favor of the proposition. Councilmen asked questions as to what police and fire protection would be given the village and what benefits they would receive by coming into Portsmouth. Judge Blair answered the questions explaining they would receive the same considerations as the citizens of Portsmouth. He added that New Boston and vicinity was the only place for the location of new industries and that with combined effort these industries could be secured more easily.

Dr. W. G. Cheney showed his far-sightedness in the matter, when he spoke in favor of annexation, saying that he had heretofore been opposed to it, but that he now looked at it in a different light and said that the village would be left in a bad fix should the large tax paying corporations annex themselves to the city. Charles Dixon also spoke in favor of annexation following Mr. Cheney's idea. Dr. T. H. McCann also favored the idea of putting it up to the voters, saying it was the only way to be fair to all.

A motion was then passed, three to two, authorizing the solicitor to bring in the necessary legislation providing for the election.

When a city and village adjoin each other, and the inhabitants of any portion of the territory constituting a part of the village desire to be detached therefrom and

Jewett Pinned Under Car

Timothy G. Jewett, of 1130 Second street, was seriously injured Monday afternoon when his Ford automobile turned over on him on Scitow Trail at George P. O.

Mr. Jewett was driving at a moderate rate of speed when he reached around to get an umbrella from the rear seat. In doing so he lost control of the machine and it left the road, running up on the fill of the N. & W.

roadbed. A short distance up the bank the machine turned over, Mr. Jewett being thrown into the back seat and under the machine. The machine was resting on some debris and when Mr. Jewett tried to crawl from underneath it it settled down on him, injuring him about the back. Albert Kulitt, farmer, at George P. O., helped Mr. Jewett from under the

car and brought him to his home where Dr. J. S. Hardin attended him. He suffered a deep flesh wound in his left forearm, the flesh being cut to the bone. The arm was cut on the debris on the back. Mr. Jewett also suffered a badly bruised body and left leg and bruises about the head and arm. The top of the machine was badly damaged.

HUNTINGTON SWATS H. C. L., BUYS SUGAR

HUNTINGTON, Aug. 5.—In an effort to swat the cost of living and at the same time reduce the evils of the sugar famine in Huntington, the city commissioners yesterday morning voted to accept a proposition from the U. S. Sugar Equalization Board, Inc., of

New York City, and buy for distribution by the city government, 400 bags of sugar, at a cost of \$3,525, less two per cent discount for cash and plus freight charges.

A draft for the sugar was forwarded yesterday afternoon by Commissioner

of Finance Ira C. Bys. The sugar, according to the plans of the commissioners, will be sold at cost at the city market.

The sugar was bought at nine cents per pound, and the freight charges will be added to this figure.

To Organize Child Welfare League Here

This has been called the Age of the Child, but child welfare work is not generally understood. A club will be organized in Portsmouth soon to carry out the child welfare work which was originated in the District of Columbia.

Mrs. Henry P. Dwyer, National Organizer and field secretary, is here to interest the mothers of Portsmouth in the work of a league which has for its object helping parents train their children physically, morally and intellectually. It provides for their welfare by means of systematic educational and advisory work in the neighborhood of definite knowledge and broader culture relating especially to childhood and its needs.

The Child Conservation League is a national organization incorporated under the laws of the District of Columbia, and by co-operation with organized neighborhood leagues seeks to do those practical things through enforcement of laws designed to better the condition of man. The president of the league is Dr. Winfield Scott Hall the eminent authority on

Sex Hygiene and Social Purity. On its advisory board are many famous men and women, among whom are Judge Ben Lindsey, President David Starr Jordan, President G. Stanley Hall, Luther Burbank, Edwin Markham, poet and social reformer, Edgar Devine of the Russell Sage Foundation, New York, President Fairchild of the National Educational Association, Mrs. Percy S. Pennington, Ex-President General Federation of Women's Clubs.

Its advisory board are many famous men and women, among whom are Judge Ben Lindsey, President David Starr Jordan, President G. Stanley Hall, Luther Burbank, Edwin Markham, poet and social reformer, Edgar Devine of the Russell Sage Foundation, New York, President Fairchild of the National Educational Association, Mrs. Percy S. Pennington, Ex-President General Federation of Women's Clubs.

TOMORROW YOU HAVE ANOTHER CHANCE

Do not forget that tomorrow is Home Thrift Day.

It was remarkable how the people of Portsmouth saved last week. They want another chance this week and tomorrow the pupils of the public schools are going to give it to them.

Are you just bluffing, or do you really want that big Victory Shaft to and say, if you can buy a War Savings bond to Portsmouth? Remember it is a War Stamp, do not make your purchase what you do this month that counts, any less. The kids are on to you. August is the big time. Do your part. Tomorrow is your chance to make a tomorrow on Home Thrift Day. Your profit out of your citizenship.

SON DIED AND WAS BURIED BEFORE PARENTS LEARNED OF HIS DEATH

BRANTON, Aug. 5.—Mr. and Mrs. two weeks ago at Camp Greenleaf, Oglethorpe, Ga.

Albert Moore of Center street, received a telegram yesterday announcing the death of their son Cecil Moore, aged 21, who had been in the service and they are at a loss to account for the loss of their son. Cecil had been in the service and they are at a loss to account for the loss of their son. Cecil had been in the service and they are at a loss to account for the loss of their son.

This was the first intimation the parents had of even the illness of their son and they are at a loss to account for the loss of their son. Cecil had been in the service and they are at a loss to account for the loss of their son.

He was the first intimation the parents had of even the illness of their son and they are at a loss to account for the loss of their son. Cecil had been in the service and they are at a loss to account for the loss of their son.

FALLS IN YARD; ARM IS FRACTURED

Goldie Dale, eleven-year-old daughter of Bert Dale, of 2001 Seventh street, suffered a fractured arm when she fell in her yard while playing.

Mr. Dale was making arrangements to take a number of cardboard cutters to Michigan and had to postpone his going on account of the accident to his daughter.

On Way To Sherman
Mrs. Carl Goss, Court street has received word from her brother, Pat, Lowell Bacher who has been in the U. S. service a year, announcing that he has arrived in this country and is on his way to Camp Sherman.

On Vacation
Rev. N. E. Butler, pastor of the Trinity M. E. church, is spending a week at Portsmouth, he is spending a week at Portsmouth, he is spending a week at Portsmouth.

He will return at the close of this week.

HELPERS QUIT WORK

HUNTINGTON, Aug. 5.—The only change in the local strike condition on the C. & O. railroad today was the walking out of about two hundred of the round house helpers. The foreman at the roundhouse did some of the work of the helpers and were able by this means to keep the trains running. Otherwise there was no change in the strike situation.

Bad Fire At Guyandotte

HUNTINGTON, Aug. 5.—Considerable damage was done last night in the homes of Sam Collins 412 Bridge street and Dan Shy, 24 Bridge street, Guyandotte, by fire. The fire broke out at approximately 9:25 last night in the kitchen of the Collins home and spread immediately over to the adjoining home of the Shys. In a few minutes both homes were in a mass of flames and were badly gutted.

Will Licking Get Lickin'?

"I am sorry that the committee will not award two shafts, because I should like to have one of them go to Scioto county. The other, I am sure, is coming to Newark."

What do you think of that? It is a quotation from a letter received Monday by the local War Savings Committee from C. H. Spencer, of Newark, chairman of the War Savings work in Licking county. There is a great deal of rivalry on between Licking and Scioto as to who is to win the Victory Shaft, which is to go to the Ohio county selling the largest percentage of its W. S. S. quota between June 1 and Sept. 1. Spencer's letter shows just how much in earnest Licking county is.

To date, Licking leads all comers by a big margin. However, the month of August holds much in store that the people of Newark have never thought about.

Try your stamps today. The Victory Shaft was made to fit Scioto county. Let's give a "lickin" to Licking.

Easy Shorthand

It is now possible for you to learn a superior shorthand method inside of 5 hours; then you can be paid so that you write as fast as a person talks. No need to spend months and a lot of money in learning stenography when it is now so easy and it will be taught by mail. Absolutely guaranteed. Five lessons will be sent if you write to King Institute, Station P, New York, N. Y. Take advantage of this free trial tuition by mail offer. You will be surprised and delighted. Master Salesmen
with executive ability wanted

A manufacturer of new secure distributors from certain districts in Ohio who will build their own sales or territories for the purpose of marketing a product with a known market.

The distributor who secures territory must have financial responsibility, previous marketing experience, and capacity of building and maintaining a sales organization and will be required to visit the factory to become acquainted with the manufacturing and sales problems.

Potential territory will be selected to provide opportunity for building a large profitable business with exceptional future possibilities.

The product is superior in quality to any of the kind. The price margin is large enough to ensure the distributor of a profitable business with a minimum investment and at the same time provide a very profitable business from their efforts.

Correspondence is especially invited of those who are qualified to build a large profitable business with exceptional future possibilities.

EXAMINER'S REPORT ON CITY COUNCIL CONTINUED

The following is the second installment of the state examiner's report on Portsmouth's city council. Installments of the report will be published in the Times from day to day.

VACANCY IN MEMBERSHIP OF COUNCIL

Section 425a, General Code, provides: "When the office of councilman becomes vacant, the vacancy shall be filled by election by council for the unexpired term. If council fail within thirty days to fill such vacancy, the mayor shall fill it by appointment."

In accordance with the law as above set forth the council having failed to elect, within the thirty day period immediately following the resignation of Mr. Hannah, a member to fill the vacancy thus occasioned it lost its authority to fill this vacancy, said authority devolving upon the mayor. Mr. Weghorst having been elected by council to fill the vacancy caused by the resignation of Mr. Hannah, said election having occurred approximately four months after said resignation, hence, the election by council was illegal and Mr. Weghorst holds his position without warrant of law.

VACANCY IN OFFICE OF PRESIDENT OF COUNCIL

As previously stated, J. W. Flood resigned as president of council January 16, 1918, and as per the records, Chas. W. Wilson, the president pro tem, assumed the duties of said position.

Under date of February 15, 1919, as found on page 220, Annual Report of 1918, the Attorney General held as follows: "In case of the death or resignation of the president of council, the vacancy thus created shall be filled by appointment by the mayor and the president pro tem does not, under any circumstances, succeed to the presidency of council."

June 7, 1913, page 1513 of the annual report for said year, the Attorney General held:

"There being no other provision for the filling of a vacancy, occurring in the office of president of council of a city, such vacancy may only be filled, under Section 422, G. C., through appointments by the mayor."

However, under date of August 18, 1918, the Attorney General states:

"Failure of the mayor to appoint, or his recognition of president pro tem of the council in performance of duties of office, amounts to an appointment. If a person under such circumstances succeeds to office of mayor because of a vacancy, he is entitled to office and his official acts are legal."

It may thus be seen that in accordance with the Attorney General's interpretation of the law the president pro tem of council does not succeed to the presidency of council upon the resignation of the president of council, but that such vacancy is filled through appointment of the mayor. Mr. Wilson, therefore, had no authority to assume the presidency of council upon the resignation of

Mr. Flood. However, as his assumption of such position was recognized by the mayor, in accordance with the Attorney General's recognition without warrant of law yet no question is herewith raised as to the retention of such position.

We would advise, in order that irregularities may be avoided as to the acts of council that in the future, if like conditions obtain, the clear provisions of the law be observed and the vacancy be filled through appointment of the mayor.

SESSIONS OF COUNCIL

The first and third Wednesday evening of each month is set apart for the holding of the regular sessions of council. As per the Journal of the proceedings of council all of the sessions of said body were regular except the sessions of July 23, October 18, November 14 and December 21, 1917, which were adjourned. With the exception of Mr. S. M. Johnson, who entered the military service, the members of council were exceptionally regular in their attendance upon council sessions, thus manifesting their interest in the performance of their official duties.

SALARY OF MEMBERS OF COUNCIL

A comparison of the salary paid members of council as indicated by the records of the auditor, with their attendance at council sessions, as shown by the Journal, disclosed that proper reduction had been made for absenteeism, with possibly one exception.

Chas. W. Wilson was absent from the session of April 4, 1917, and so far as indicated by the records the council did not excuse him from attendance at said session in the manner as required under the provisions of Section 425, G. C., as amended April 1, 1915.

Said section provides in part as follows:

"A proportionate reduction in his salary shall be made for the non-attendance of any member upon any regular or special meeting of the council; provided, however, that two-thirds of the members elected to council may excuse any member from attendance at any regular or special meeting, and when so excused no reduction in his salary shall be made for non-attendance."

In accordance with the opinion of the Attorney General under date of April 26, 1918, the council may act under the law above quoted either prior to the session at which the member is to be absent or at the session subsequent to the one at which the member failed to attend. It is clear, however, that a member must be excused by a two-thirds vote of council and implicitly such vote must be on all of the roll of council, if the member is not to have a reduction in his salary.

In the case in question, Mr. Wilson was not excused for his non-attendance at the session of April 4, 1917, but the council, subsequent to said session passed resolution No. 2762, setting forth that whereas Member Wilson was

absent from the session of April 4, 1917, on account of sickness, it is deemed proper by council that he be allowed his salary for said meeting and in said resolution provided that the auditor should pay to said member \$5.00, which amount was paid as per resolution.

While the foregoing does not constitute an excuse properly granted as contemplated under the section above quoted yet in view of said action of council we shall return no finding at this time. However, if it is disclosed in future audits that members have been paid their salary when absent from council sessions without having been legally excused doubtless findings for recovery will be rendered.

We are of the opinion that under the law it is not the intention that members should be excused from non-attendance unless the non-attendance is unavoidable—due to absence from city or on account of illness upon the part of the member or any of his family. To this end each member of council who is absent from council sessions should transmit to council in writing a statement as to the reasons for such absence and if it appears to council that the reason is not tenable, the council should refuse to excuse such member. If a member of council is excused simply for the asking he might be relieved from attendance at all sessions and receive compensation without the rendition of any service, and if such a policy were adopted, of thus excusing members, much of the business of the city might be retarded as it requires three-fourths vote of the entire membership to pass important legislation, while a two-thirds vote may excuse a member. The law should not be abused and the council should carefully inquire as to the cause of the absence of members before excuses are granted. We are pleased to note that the council of the City of Portsmouth granted no excuses during the period audited.

SALARY OF PRESIDENT OF COUNCIL

In accordance with ordinance of council the salary of the president of council is \$150.00 per annum, payable monthly, so long as he may act as president of council. The Journal of the proceedings of council indicates that J. W. Flood, the president of council, tendered his resignation, which was accepted, January 16, 1918. As per the records of the city auditor Mr. Flood was paid \$125.00 January 31, 1918, the same being the salary of the president of council for the full month of January, 1918. As Mr. Flood severed his official relations with the city January 16, 1918, he was entitled to but one-half of the salary for said month, or \$62.50. In accordance with the facts as above set forth, a finding for recovery in favor of the City of Portsmouth is herewith rendered against J. W. Flood, in the sum of \$62.50.

COMPENSATION OF EMPLOYEES IN SERVICE DEPARTMENT

September 6, 1910, through ordinance No. 2322, the council fixed the compensation of the employees in the department of service. Aside from the compensation of the assistant service director and the garbage gatherers there has been no compensation fixed for said employees other than the above. The audit of the pay-rolls of the service department discloses that the wages as fixed by the council have in many instances and at many times been exceeded by order of the director. Under the provisions of Section 4214, General Code, it is the duty of council to fix the compensation of all employees in the service department and, when so fixed, the director of service has no authority under any circumstances to increase or decrease the same. Since the passage of ordinance No. 2322, conditions have materially changed and council should, in harmony with such changed condition, accordingly modify the salary ordinance of the employees of the service department.

ASSISTANT TO CLERK OF COUNCIL FOR SERVICE IMPROVEMENT NOTICES

While, as indicated by the records, no improvement notices were served during the period audited nor the public funds disbursed for such service, yet we deem it advisable to state in this connection that if such notices are served in the future and the service is to be made by another than the clerk of council, the person so acting must be elected by council and his compensation fixed by said body.

Under the provision of Section 4210, General Code, the council is required to elect all the employees thereof and fix their duties and compensation. Under Section 4214, General Code, where compensation has not been properly fixed, payment is illegal and recovery may be made.

The Attorney General has held, on page 1622 of the 1912 Annual Report: "An assistant clerk appointed by the clerk for the purpose of receiving notices cannot be compensated by the council. If the council had neither created the position of assistant clerk nor elected a person to fill such position, even though money had been appropriated for that purpose."

"The city auditor cannot issue a bill authorized by council drawn for the purpose of such compensation."

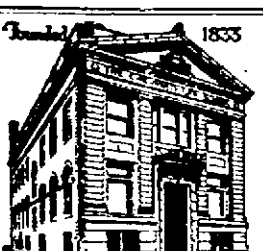

It is a well established principle of law that legislative bodies cannot delegate the powers expressly conferred upon them. Hence, the council cannot delegate the clerk of council or any other official or employee the right to elect or designate one of its employees or to fix the compensation of such. The clerk of council has no more authority to fix the compensation of an assistant clerk of council than would the mayor, or the auditor to fix the compensation of an assistant or deputy in their office.

Furthermore it is very important that the proceedings of council be regular and strictly in conformity with law in relation to special improvement work. The one who serves improvement notices should have legal authority for such service and if another than the clerk serves the same the position as "assistant clerk" should be created, but the party who is to fill the position should be elected by council in the same manner as the clerk is elected.

In special improvement work, where a part of the cost is to be assessed against abutting or benefited property, there should be no bars left down so as to invite litigation, hence the one who is to serve the notices required by law should be legally authorized to do so.

Albert Hoshing of Detroit, is visiting his parents Mr. and Mrs. Detmer Hoshing of Second street.

WHEELER TAKES ISSUE WITH THE OPINION OF ELIHU ROOT

WASHINGTON, Aug. 4.—Wayne R. Wheeler, counsel for the Anti-Saloon League of America, took issue today with the opinion by Elihu Root, William D. Guthrie and William J. Marbury, counsel for the United States Brewers' Association, that the proposed war prohibition enforcement act was unconstitutional. Mr. Wheeler also decried that the league forces intended to start an anti-liquor campaign.

"The authority of congress to enact the war prohibition law," Mr. Wheeler said, "rests on the provision in the constitution which gives congress power to support the army and navy. This power and obligation extends through demobilization. The courts have so held. Congress evidently intended to prohibit all beer and wine containing liquor."

Referring to charges of the Association Opposed to National Prohibition that the Anti-Saloon League was actively adding to a campaign of the Women's Christian Temperance Union against tobacco, Mr. Wheeler said: "The anti-liquor scare-crow of the Anti-Prohibition Association does not fool any one. The Anti-Saloon League forces have no intention to start this campaign. The liquor traffic is a public nuisance. The tobacco habit may be a private or personal bad habit, but it is not in the same class as intoxicating liquor."

Goes To Millburn

John White, 1018 Third street has gone to Millburn, N. J., and has taken a job with a coal company there.

The Perfect Oil for Cooking and Salads

Why Mazola Saves Money in Cooking and Makes Food Better

ONE of the most important things Mazola does for cooking is to take the place of butter.

In frying or shortening it gives the finest results.

And, pound for pound, it costs considerably less.

Foods cooked with Mazola, or in which Mazola is used, are wholesome, healthful, very easy to digest.

Use 1/4 to 1/2 less Mazola for shortening than butter or lard.

In frying, use Mazola over and over again to the last drop—it never absorbs odors or flavors.

No smoking—no soggy cooking.

FREE Wonderful Cook Book. Write today for it.

you to advise about the following: We are three girls each about eighteen years of age. We three girls run around together all the time, but we get tired of our own company, and would like to have boy friends once in awhile. We know lots of boys but it seems as though they don't care for our company. There are three boys who come to see us once in a while, and they seem to care about us enough when they are with us, but they wait so long until they ask us for another date that we get discouraged and think they don't care for us. Thanking you in advance we are,

THE MYSTERIOUS TRIO.

You are mistaken in thinking your

names "The Mysterious Trio." Yours

names is "Lionel." There are lots of girls

in the city in the same fix. They don't

know how to show each other and

everybody else a good time. They never

forget themselves and so on. Like

that, you know. Be entertaining and

happy and jolly and by all means, dis-

creet.

Then if they don't like being with

you all it is because they haven't the

proper kind of taste.

Myrtle—I'd not do that unless en-

gaged to the young man.

Dear Dolly Wise—What should one

say upon being introduced to a young

lady or gentleman? Should you shake

hands?

Repeat the person's name and hold

out your hand if you want to be cor-

dial. It is correct to shake hands or

not, to whichever way you prefer.

A Reader—Why didn't you say that

you care for him enough to marry

him if you really do care that much.

Are you sure it isn't a "foolish man-

agement" feeling you have now since

you let your opportunity go by? He

said he wants to get married. Well,

evidently he is trying to find someone

else who wants to get married also.

If you do not want to get married

you did not want to be unhappy sup-

pose if he says anything about being

sure he couldn't get off to come see

you Sunday, then you regret what your

girl friend said. Then you will be bet-

ter able to decide whether to believe

her and what are his intentions.

Dear Miss Wise—I am engaged to a

friend who is a little younger than I

but I have gone with him for over a year

but sometimes I am in doubt as to my

love for him. There is another fellow

who wants to go with me. Should I

break the engagement with the first

fellow and go with the second?

If I quit he said he would not take

my ring which he gave me. Should I

wear it anyway?

I think you should break your en-

gagement since you are not sure of

your love. It is not fair to the man

to continue a loveless engagement.

Send back the ring and let him

take it, even if he sells it and gets

the money back. Since you are break-

ing the engagement you have no right

to the ring.

Dear Dolly Wise—My hair used to

be a little lighter on the top of my head

than at the bottom and so I thought a

little of something to make my hair

lighter on the sides and back, but in-

stead of making it lighter at the sides

it left it the same shade at the sides

and back, but still lighter on the top.

Can you tell me something to make

it darker on the top? It is just wear-

ing me every day and I don't go out

anywhere because it looks so badly.

THANKFUL.

It is impossible for me to suggest

anything helpful except to brush the

hair thoroughly twice a day and mas-

sage the scalp. This will increase the

growth and will in time improve the

appearance of the hair.

You would only injure the color of

the hair further if you tried to dye it

of different shades.

Do not be foolishly sensitive about

this matter. Very often light hair is

of different shades.

Dear Miss Wise—(1) Can you tell

me some sure way to reduce flesh that

will not injure the health?

(2) What is good to use for little

black ants in the cupboard?

(3) I am bothered with my feet in

hot weather. They swell and ache so

that I can't go any place and enjoy

myself. I also have corns on my lit-

tle toes. I have used everything I

have ever heard of.

(4) Diet and exercise are the only

safe way to reduce flesh. Do not

eat fried or fatty foods, sweets or

starches. Fruits, fish and well-dig-

ested meats are considered all right for

a fleshy person. Do not drink water

with your meals. Exercise and see

if that will reduce. Sometimes,

however, exercise adds to

weight.

(5) Wash keratins along the sides of

the window and the door steps.

(6) Soak your feet every night in

salt sea water. Dry the feet at the

druggists. It is very inexpensive.

For corns use olive oil. Rub it in

to the corns and it will keep them soft

and less painful. Probably your shoes

are too short or do not fit. You can

never cure your foot troubles if you

wear injurious shoes.

Dear Miss Wise—Since having my

phobias about five months ago I

have lost nearly all my hair. There

is no new hair coming in. What can

do to make it grow? Will it all come

out before the new hair starts to come

in?

I am sixteen. Do you advise me to

have it bobbed?

SHIRLEY.

Massage your scalp every day with

vasoline to start new hair. The old

hair will be pushed out by the new hair.

I believe it would be wise to have

your hair bobbed.

Dear Dolly Wise—My hair used to

be a little lighter on the top of my head

than at the bottom and so I thought a

little of something to make my hair

lighter on the sides and back, but in-

stead of making it lighter at the sides

it left it the same shade at the sides

and back, but still lighter on the top.

Can you tell me something to make

it darker on the top? It is just wear-

ing me every day and I don't go out

anywhere because it looks so badly.

THANKFUL.

It is impossible for me to suggest

anything helpful except to brush the

hair thoroughly twice a day and mas-

sage the scalp. This will increase the

growth and will in time improve the

appearance of the hair.

You would only injure the color of

the hair further if you tried to dye it

of different shades.

Do not be foolishly sensitive about

this matter. Very often light hair is

of different shades.

Dear Miss Wise—(1) Can you tell

me some sure way to reduce flesh that

will not injure the health?

(2) What is good to use for little

black ants in the cupboard?

(3) I am bothered with my feet in

hot weather. They swell and ache so

that I can't go any place and enjoy

myself. I also have corns on my lit-

tle toes. I have used everything I

have ever heard of.

(4) Diet and exercise are the only

safe way to reduce flesh. Do not

eat fried or fatty foods, sweets or

if that will reduce. Sometimes,

however, exercise adds to

weight.

(5) Wash keratins along the sides of

the window and the door steps.

(6) Soak your feet every night in

salt sea water. Dry the feet at the

druggists. It is very inexpensive.

For corns use olive oil. Rub it in

to the corns and it will keep them soft

and less painful. Probably your shoes

are too short or do not fit. You can

never cure your foot troubles if you

wear injurious shoes.

Dear Miss Wise—Since having my

phobias about five months ago I

have lost nearly all my hair. There

is no new hair coming in. What can

do to make it grow? Will it all come

out before the new hair starts to come

in?

I am sixteen. Do you advise me to

have it bobbed?

SHIRLEY.

Massage your scalp every day with

vasoline to start new hair. The old

hair will be pushed out by the new hair.

I believe it would be wise to have

your hair bobbed.

Dear Dolly Wise—My hair used to

be a little lighter on the top of my head

than at the bottom and so I thought a

little of something to make my hair

lighter on the sides and back, but in-

stead of making it lighter at the sides

it left it the same shade at the sides

and back, but still lighter on the top.

Can you tell me something to make

it darker on the top? It is just wear-

ing me every day and I don't go out

anywhere because it looks so badly.

THANKFUL.

It is impossible for me to suggest

anything helpful except to brush the

hair thoroughly twice a day and mas-

sage the scalp. This will increase the

growth and will in time improve the

appearance of the hair.

You would only injure the color of

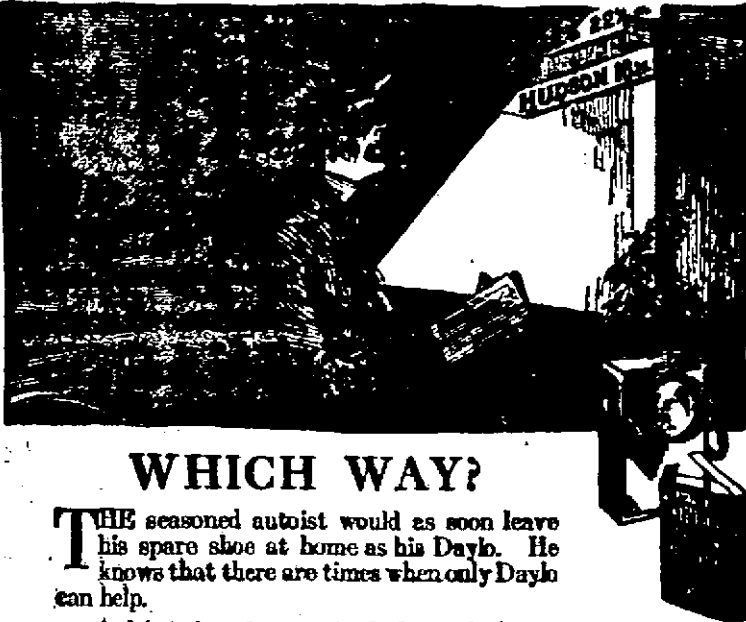

the hair further if you tried to dye it

of different shades.

Do not be foolishly sensitive about

this matter. Very often light hair is

of different shades.

WHICH WAY?
THE seasoned autoist would as soon leave this spare shoe at home as his Daylo. He knows that there are times when only Daylo can help.

And it is just the same in the home, the factory and the store—or on the farm. There are many important places that DAYLO alone is able to reach.

Take one of the seventy-seven different styles with you wherever you go—it will double your enjoyment and insure safety. Take a refill battery, too—but, to avoid being disappointed, be sure it's a genuine EVEREADY Tungsten Battery.

Embargo On C. & O.
Officials of the C. & O. here announced this morning that an embargo had been placed on all freight from this city to Chicago or from Chicago to Portsmouth. Freight is being sent to other points as usual. The strike of C. & O. shippers is given as the cause of the embargo. At division headquarters of the N. & W. in East Portsmouth it was stated this morning that no embargo orders had been issued and N. & W. shippers were at their posts as usual.

A. W. APEL
Jeweler 417 Chillicothe St. Optometrist
Eye-ball Curvature Un-equal
In many cases of eye trouble that come under our observation we find with our modern equipment that the curvature of the eye-ball is unequal, the rays of light passing through the curvature of greater curvature focalize ahead of rays passing through the curvature of lesser curvature creating a blurred image to be formed on the retina. We have special lenses to correct this.

SIX PERSONS IMPERILED WHEN N. & W. ENGINE HITS AN AUTO

Six persons, Mr. and Mrs. F. T. Dials, 301 Walnut street, East Portsmouth, and two children, and Mr. and Mrs. Emory Fife, had narrow escapes from serious injuries or perhaps fatal injury last night about 1:30 o'clock when Mr. Dials' Dodge touring car was struck by an N. & W. freight train, the machine being on the railroad track between Fourteenth and Thirtieth streets. Quick work by Mr. Dials probably saved the occupants of the machine from serious injury. He was driving west on Fourteenth street and his view of the track was hidden by the Jewett elevator. An east bound train was coming and as he gained a view of the track he saw the train approaching the crossing. Believing that he could not stop in time or cross the tracks Mr. Dials turned his machine toward Thirtieth street and started down the track just ahead of the train. Luckily the train was not going at full speed as it came to a stop to the "cut". The engineer saw Mr. Dials as he started down the track and applied the brakes. The machine had nearly reached Thirtieth street when it stopped, and the occupants getting out to one side of the track just after the engine hit the machine and pushed it toward Thirtieth street for a short distance. The left rear wheel caught in a switch and held the car, turning it around so the right side of the machine came against the pilot of the engine. The right side of the machine was badly damaged. The train was nearly to a stand when it finally hit the touring car. Mrs. Dials suffered a slight cut on her arm and one of the small boys suffered a bruised side. The damaged machine was taken to Fritchard's garage for repairs.

NOTICE TO W. S. S. PLEDGERS

The Barre Granite Company has offered a Victory Bond, costing \$10,000, to the Ohio county that will have the highest percentage of its War Savings quota between June 1 and Sept. 1. Note that word "sell" Cash sales, only, and not pledges count in the Victory Bond Contest. So, to win the prize, the county would greatly improve its standing. You can help. Pay your pledge this month, if you can. Even if you have signed up for payment at a later period of the year, but can conveniently pay your pledge during this month, please do so. The committee would greatly appreciate it. SIOUX COUNTY WAR SAVINGS COMMITTEE.

Detective Is Arrested

On a warrant sworn to by Clarence Lee, of Huntington, H. M. Phillips, a well-known C. & O. detective, was arrested in that city Monday. The men had trouble at the C. & O. depot in Huntington. Phillips is a frequent visitor to Portsmouth.

SERGEANT FITZER HOME; WAS GASSED

Sergeant Fred Fitzer son of William Fitzer of Market Road is home on a ten day's furlough. Fitzer has been in the service since 1912. He expects to be discharged in December when his second enlistment expires. Fitzer is enjoying his first furlough home in six years. He was with Fitching on the Texas border and in Mexico and was a member of the famous First Division known as Pershing's Own Division. Fitzer was gassed two days before the armistice was signed. He was fighting in the Argonne Forest at that time. Three months were spent in a hospital recovering from the effects of the gas. Since returning from France several days ago he has been stationed at Camp Upton, N. Y.

NOTICE TO SCHOOL CHILDREN

All school children who are serving as Home Thrift Solicitors will remember that tomorrow is Wednesday and Home Thrift Day. Be out bright and early in the morning to give your school the best service you can. Get the best selling smile on your face that you know how, and teach the people of Portsmouth to save and serve. Your block and the Victory Shift are waiting for you. Go to both. Your school wants to make some big sales tomorrow. Congratulations on last week's work. SIOUX COUNTY WAR SAVINGS COMMITTEE.

Declined Position
The Wellington Sentinel Monday evening of local interest said: John D. Littlejohn returned Sunday from Mattoon, Ill., where he had gone to accept newspaper position. Not finding matters as represented he declined the position.

Back To Work
John Simon has resumed work in the office of the McDermott Stone Company after a short vacation.

In Chicago
Scott J. McDermott, of the McDermott Stone company, is spending a short vacation in Chicago. R. R. Reed, assistant manager, is in charge of the business.

On Crutches
E. J. Hatch, of the firm of Hughes and Hatch, who suffered a broken leg several weeks ago in a motorcycle accident, is able to be out on crutches.

Attend Funeral
Mrs. Rose Hammer of Third street, Misses Jeanette and Ella Reilly of Front street have returned from Chicago where they attended the funeral of their sister the late Mrs. Sarah Trautman.

Here On Visit
Samuel Coleman, typewriter operator at the Akron Beacon Journal is in the city on a few day's visit with relatives. His wife has been visiting relatives here for over a week.

Note for W. E. B. Jack, for City Auditor, at the Republican Primaries, and nominate a man who will fill the place with credit to himself and honor to his many friends. He is a life-long citizen, honest, experienced, tried and capable. per ads 5-72

Don't Be Bald
How to Make Hair Grow Strong.
Black and Lustreous.
Few of us get bald to day and we all have ample waiting when our hair is thinning out. Partisan sage is a most efficient hair restorer, but to immediately stop any further loss of hair and quickly start a new growth, it must be rubbed into the scalp so the starved hair roots can really absorb it and get the vital stimulation so badly needed. You will surely be delighted with the first application for your hair and scalp should look and feel 100 per cent better. Partisan sage is not expensive. It's a scientific preparation that supplies all your needs—clear, clean, healthy, attractive liquid that is sold by Wurster Bros. and at drug and toilet counters everywhere with guarantees to give perfect satisfaction or money refunded. Good looking hair is half the battle in any man's or woman's personal appearance. Neglect means dull, thin, lifeless hair and finally baldness, while a little caution now means thick and lustrous hair for years to come. No matter what your hair troubles try a Partisan sage massage tonight—you will not be disappointed.

Mr. Business Man
DO YOU KNOW a good appearance is a most valuable asset to you? Good teeth are necessary to a Good Appearance. Think It Over. Let us give you an examination and estimate free.

 August 15—Selby vs Drews.
 August 16—Selby vs Excelsiors.

After playing all edge ball for more than half the distance, the N. & W. team, under the leadership of Middle Gardner Thimmes, went all to pieces, allowing the Selbys to pull ahead, and then overhaul them by a score of 8 to 7. Until the fifth inning the Railroaders were leading 7 to 1 and it looked to be all over but the shouting. Then it was that "Weasel" Weaver, the Babe Ruth of Radon, grew wild, walking three men and hitting another. It so happened that Catcher Kearns smacked a double pointed blow at this interesting part of the game driving in three runs and causing the loss of two in the bottom of the fifth. After that Slim Jim Wyckoff went to the mound and his support crumbled like a broken milk crock. Hale and Applegate making two of the longest throws to first base ever seen in this section of the state. This happened in the seventh and last inning. Kearns, who specializes in two base hits, drove out a double after two men were out, and then Wyckoff walked. Mowery, who had taken Spence's place upon the hilltop. At this point of the game, Hale threw at a spectator instead of first and then Applegate checked a ball far over the classed dome of Mr. Vaughters, able guardian of the first station. Not content with this and have Applegate duplicated the throw on his next chance and three runs came in as a result of the wild play of the infield.

The N. & W. boys started out as though they expected to pinch the contest right off the bat. Pitcher "Boss" Spence walked the first two men who faced him and Thimmes sacrificed very artfully. Right fielder Wells drove this opportunity to drive a long double to left, two runs resulting. Weinberg hit into a double play. In the second, Vaughters singled for a start and Hale drove hard to left getting

Averages In The Southern

In the Southern Association, Gilbert New Orleans, continued to stop the regulars, including games of last Monday. His mark is .500. Gilbert also leads in total bases with 167 and in stolen bases with 29. Christenburgh, Memphis, who is "runner up" to Gilbert for batting honors with a mark of .330, is leading the league in runs scored. He crossed the plate 64 times.

Other leading hitters: Danen, Birmingham, .297; Grimm, Little Rock, .290; McMillan, Mobile, .285; Peters, Birmingham, .285; J. Sullivan, New Orleans, .273; Mayer, Atlanta, .254; Carroll, Memphis, .253; Glasen, Chattanooga, .240; Griffin, Atlanta, .239.

Rarden Is Defeated

McFarrrell's baseball team won from Rarden at Rarden Sunday afternoon by the score of 10 to 4. A. Bal-lance and Handbaker worked for the winners, while South, Weaver and Clark were in the points for the Rarden nine. Rarden started out like a house afire and made three runs in the first inning. Ballance helped to win his own game in the sixth when he hit a home run with the sacks clogged.

THE TIMES PUBLISHING COMPANY

Published at Portsmouth, Ohio, at the Times Building, 100 Front Street

MEMBER OF THE ASSOCIATED PRESS

The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or not credited to it in this paper and also the local news published herein.

AS TO THE OTHER SIDE

AS quite everybody reads papers and magazines it can well be granted that to some extent the public is interested to some extent in the fortunes and affairs thereof.

The public must also have an impression that what is disturbing both papers and magazines rather tremendously is what they refer to as the zone system. The reason so considerable part of the press display concern thereabouts is because if it does not threaten their fortunes, this zone system interferes to some extent with their profits.

But that there may be no understanding at all let it be stated briefly what the zone system is. It is a postal law and regulation by which periodicals and papers are charged according to distance they are carried through the mails, and the volume of advertising they print. In other words, publications mailed directly from the publication office pay more for carriage to San Francisco, than they would to Cincinnati, provided they are printed in Ohio, and a San Francisco daily would pay more if it were mailed to Portsmouth than to Oakland. This marks a somewhat radical change in the attitude of the post office department towards the publication business. Heretofore periodicals and papers have paid a considerable return to the government for the service rendered to them. With the formation of the postal branch these were given special privileges on the supposition that they educated the people and therefore they should be encouraged in dissemination. Until last year newspapers paid nothing for carriage to county subscribers and only one cent a pound to subscribers outside. Neither was their rate affected by the volume of advertising they contained. Now the rate has been raised about fifty per cent and that is what pinches.

Magazine owners have formed an organization to secure the repeal of the new law and have been joined by the metropolitan press, which, in passing, will account for the violent assaults upon the post office generally. The new law is irksome because it makes work for the mailing and accounting rooms of quite all publications.

However, it is not to be supposed from this that the zone system has no supporters and no friends. It has and their name is legion. They are found in every small country weekly from the Atlantic to the Pacific coast and the reason is the new arrangements work out to their advantage, though far more in theory than in practice. The magazines and the big city weeklies are, theoretically not such dangerous and ruinous competitors because they have to charge more for subscription. That seems rather far fetched, but the country weekly owners take it so seriously that all are against the repeal of the zone system and bravely they are trying to get up an organization of their own to put a reverse pressure upon congressmen and senators.

Between the two Times stands as an on-looker. It favors the repeal of the zone system because it is a nuisance, but at the same time it would have it stand until there is elected a miracle of a congress that will take away from both magazines and newspapers the privileges both still enjoy in the mails and in the simplest way make them pay all they should honestly pay for postal service. The zone system is not unjust in its charges, except that it does not make the charges high enough. Therefore it is better than we had before because it gives away less of a loss and should for that reason be permitted to stand until something better takes its place.

Let us reiterate here again, that The Times doesn't wish any favors for its class of business that the government does not concede equally to every other class. It is willing to and does bear, where the law and conditions admit, its fair and honest proportion of the burdens of citizenship.

There's been lots of argument, or rather assertion, lately that the only way to save the municipality, state and union from bankruptcy, is to have a budget system, the most perfervid of these coming from Cincinnati. Cincinnati has a budget system, of course. Its estimate of expenditure is just four million dollars more than the city can take and scrape-up income, which, to be sure, is also, of course.

Seems rather odd that Bela Kun, the deposed dictator in Hungary, should seek asylum in Austria, but there isn't anything telling about the hopefulness of what was once the great Austro-Hungarian empire.

We note several of our more or less valuable contemporaries claim "the largest circulation in the world." Strange they never make any boasts as to leadership elsewhere, though some do seem well qualified therefor.

AN UNENVIED DISTINCTION

LOCALLY there is much agitation over the housing situation and some earnest effort is being put forth to make it more tolerable. Never were respectable dwellings in such demand and never a time where so many families were either homeless altogether, or else illy domiciled.

There may be some consolation in knowing that nearly all cities are confronting a like situation and some far more aggravating, Cincinnati for a latter instance. One of these modern contrivances, which reveals so much and accomplishes so little, a survey shows it is indisputably the worst in the country. A less proportion of its inhabitants, perhaps, own their own homes and a larger is also inadequately and even shockingly domiciled. Think of it. The town has a claimed population of five hundred thousand, the survey shows one hundred and sixty thousand, or one-third live in buildings that are fit for neither man, nor beast. The details could not be possibly gone into here, so suffice it to say that the figures on over-crowding, unsanitary and immoral conditions are appalling.

In this, however, is no reason why Portsmouth should slack in addressing herself to betterment of her own conditions. On the contrary, they should be taken as a stimulation to still greater work. She should not be content to maintain her place because there are others more ill, she should be inspired to make herself the most desirable place, from all surroundings.

If St. Louis and Chicago were disposed to be neighborly they would trim that McGraw bunch about two out of three each, and more would not be out of the way at all.

THE WISHING PLANE

After their ride on the pines the children were taken to the park at the harbor, nearby, where the pines were loaded onto boats to be carried to little boys and girls in all parts of the world. Some of the pines were going to circus owners who would teach them fancy tricks and make them perform for the little folks who go to see the circus.

While the children were at the dock they saw some pines led into one of the boats tied up there.

"I really don't seem right to take the pines away from their mothers and pony playmates and ship them away just as if they were boxes or something like that," said Jane.

The fishermen were big, laughing fellows, Jack noticed. They were big rubber boots that came up to their pant-ropes. Their hats were of rubber, too, and the children could see great rubber coats hung up on the sides of the little house on the dock of the boat. The men, tough and strong from years of pulling away at the nets and handling the boxes of fish, didn't seem to mind the work at all. When they friends, one of the men called:

"Aho, there, little skipper, don't you want to be a sailor?" Then he smiled such a winning smile that Jack liked him right away.

"I think it would be great sport to go out with them some day and watch them haul in the fish," he said to Captain Brave.

Captain Brave looked at the pony man with a knowing smile and said, "I guess every boy would like to be a sailor."

"Unless you folks must go away this very day, I can get those men to take you and Jack and I out with them tomorrow," said the pony owner.

If Captain Brave had been the least bit undecided about staying over a day to take the trip, he would have decided to stay when he saw Jack's house you write a note, telling all

the things you want to. Write your name and the place where you live, on it, too. When it comes time to send the pony you rode across the sea, I'll just tie the note on his tail. Then, if his new owner is a real nice one like yourself he'll write you a note when he gets the pony."

Jack thought it was a splendid idea and wrote quite a long note when they returned to the farm-house. In fact, Laidlaw said it was really a letter, instead of just a note.

But before they returned to the house the children watched the men working about the fishing boats. They were getting ready to sail away. Captain Brave said most of the fish caught were "herring." The children didn't know what they were, of course.

The fishermen were big, laughing fellows, Jack noticed. They were big rubber boots that came up to their pant-ropes. Their hats were of rubber, too, and the children could see great rubber coats hung up on the sides of the little house on the dock of the boat.

The men, tough and strong from years of pulling away at the nets and handling the boxes of fish, didn't seem to mind the work at all. When they friends, one of the men called:

"Aho, there, little skipper, don't you want to be a sailor?" Then he smiled such a winning smile that Jack liked him right away.

"I think it would be great sport to go out with them some day and watch them haul in the fish," he said to Captain Brave.

Captain Brave looked at the pony man with a knowing smile and said, "I guess every boy would like to be a sailor."

New - York - Day - By - Day

BY

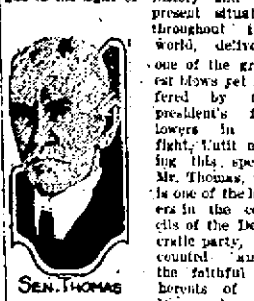

O. O. MCINTYRE

NEW YORK, Aug. 5.—Now and then there is a bloody flare up in the old star is a highly despised thing of the hands of the gangsters in Manhattan past. The gangsters of the type that

WHO'S WHO

IN THE DAYS NEWS

SENATOR C. E. THOMAS
In a recent speech in the senate, Senator Thomas, without directly attacking the league of nations covenant, but by an analysis of the proposed league to the light of

SEN. THOMAS

Charles Spaulding Thomas was born at Darion, Ga., December 6, 1849. His parents moved to Michigan in his only boyhood, and it was here that he secured his education, graduating from the University of Michigan in 1871. In the same year he went to Denver where he practiced law until 1879. He then hung up his shingle in Louisville for six years, returning in 1885 to Denver, where he has since been a prominent member of the bar.

Senator Thomas has long been identified with Colorado politics. He was a member from Colorado of the Democratic national committee, 1894-1896; governor of Colorado 1899-1901; temporary chairman of the Democratic national convention at Kansas City in 1900; elected U. S. Senator, January 13, 1913, for unexpired term (1913-15) of Charles J. Hughes, deceased; re-elected for term 1915-21.

ruled the old Denver and Chinatown and kept alive the dirty trade used every means of getting a livelihood that could be conjured up by a perverted brain. The policeman's club and long prison sentences ended gangdom. Big Jack Zelig, a devil with the women, was pistolled on a fourteenth street street car one Saturday night. Fat Jim Up Jack McManus, Spanish Louis and Crazy Butch went to their deaths, primarily through women.

Owner Madison, the most recent gang leader, is doing a stretch for manslaughter.

Mock Lastman, once a gang leader, is now a respectable citizen who won his way back on account of his war record. He works at night in a garage. Paul Kelly is now Paul Vaccarello and is heading the Longshoremen's Union. Harry the Yal has dropped out of sight. There seems to be no new leaders to take their places.

Now and then some brave tries to become a leader but a night stick rat-batist on his head ends his dreams of leadership. The old gangster was a coward. When he killed it was from the shadow of a dark doorway. He plundered those who could not complain to the police on account of criminal records. The gangster is almost invariably a drug user. Only with cocaine, heroin or some other drug does his physical fears leave him.

The old gangster would do any sort of criminal job for hire. Murder was cheap and maiming was cheaper. It used to be possible to get a man killed for ten dollars. The police once had a price list, supposed to be in the hand writing of "Piker" Ryan, a gang leader who flourished in 1900. This list had this schedule of prices for killings and maimings:

Punching, \$2; Both eyes blacked, \$4; Nose and jaw burst, \$10; Jacked out knocked out with a blackjack, \$15; Ear chewed off, \$15; Leg or arm broken, \$10; Shot in leg, \$25; Arm gouged out, \$10; Stab wound, \$25; Doing the big job, \$100 up.

Down on Park Row they tell a story of a reporter who returned to his city editor from an assignment the other day a little too jovial for dry days. The city editor looked up and inquired: "Off the reservation again, eh?"

"Nostric Chief, nothin' like that—"

COON HUNTING SEASON OPENS—GAME PLENTIFUL

only a few glasses of 2.75 per cent beer.

"Well you haven't got a 2.75 per cent beer. How many glasses did you have?"

"Just four Chief—honest just four glasses. I fixed my breath that way."

It was lunch time so the City Editor called two copy readers and asked the befuddled reporter along all required to a grocery nearby. All ordered beer and sat down. The reporter fumbled in his pocket, pulled out a flask and filled the glass half full of rum.

"Gotta buck up that breath!" he said. "Here I am best reporter in townish and only a measly, teeny weeny 2.75 per cent beer." And it so moved him that bring tears rolled down his cheeks. Even the C. E. smiled.

In my opinion "The Better Old" is the most stupid play in town. Yet it has been running a year on Broadway. The critics were far from favorable when the play opened. It is impossible to gauge a play in New York. Even the astute Charles Frohman said he could do it in London but not over here. The latest thriller which it is predicted will have a long run is Al Wood's "A Voice in the Dark." The play is acted partly in the dark and partly in pantomime. And there is only an occasional glimpse of the hero.

DOC KOKO'S KOLUM

Not What She Meant

Miss Highmore—I should just like to see the man that I'd promise to love, honor and obey!

Miss Pretty—I am sure you would, dear.

Rain!

And the cliffs around the bay. I'm homesick for my native shore. A thousand miles away!

I seem to smell the fragrance Of the countless cypress trees When the rain has swept their branches.

In the toss of the ocean breeze. The sky is gray and misty— And my heart with longing fills; For it's raining, raining, raining In the hills!

It's the rain that brings the memories To my wander-weary heart; It's the rain that calls me backward And makes my pulses start. I seem to hear it dripping In the pine trees and the fern; I seem to see it, misty gray, Where the sea-gulls wheel and turn. The sky is growing brighter— Yet my soul with longing fills; It's still raining, raining, raining In the hills!

—Joseph Andrew Galahad in life.

Not His Boss

The judge was evidently getting a bit fed up with the jury, and at last he announced:

"I discharge this jury!"

A tall, lean member of the twelve then rose.

"Say, judge, you can't discharge me?"

"Can't discharge you? Why not?" thundered the other.

"Well," replied the jurymen, pointing to counsel for the defense, "I was hired by that guy over there!"—Jack Canuck.

RAILROAD EMPLOYEES DEMAND SHARE IN OPERATION OF ROADS

RETIREMENT OF CAPITAL DEMANDED

WASHINGTON, D. C., August 5.—Organized labor came out today with the unequivocal demand that capital be retired from the railroads.

A tripartite control, composed of the public, the operating management and the employees is demanded instead.

Addressed to the American public and signed by the engineers, the firemen, the conductors and the American Federation of Labor, a formal statement was issued announcing the proposal which will be carried before congress today.

"It marks," says the statement, "the step by which organized labor passes from demands for wage increases to demands that the system of profits in industry be overhauled."

This sentence sums up in a few words the proposal of which there have been hints and indications, but which is now laid before the country for the first time. Everywhere in official Washington it is recognized as the most serious and far-reaching proposition the country will be called upon to face.

Characterizing the proposal as "labor's bill," it is put forth as a remedy for the high cost of living, because the railroads are the key to the nation.

"We ask that the railroads of the United States be vested by the public, that those actually engaged in conducting that industry, not those from Wall street, but from the railroad, the great yards and out on the railroad lines shall take charge of this service for the public."

Major labor's plan demands:

That private capital be eliminated from the railroads.

That the private owners receive for their investments bonds "with a fixed interest return for every hundred dollar they have invested."

That the tripartite control heretofore referred to, be established in corporations which shall lease the roads and in which the public, the operating management and labor shall be represented equally.

That the public, the operators and the wage earners share equally all revenue in excess of the guarantee to private capital, by granting to the operators and the employees one-half the savings which are expected to be made by such a perfected organization and to the public the other half as consumers, either by increasing service without adding costs, or by reducing costs.

"This role originates with labor," says the statement, "because labor happens to have firm organizations through which it may become articulate. It is not to benefit labor as labor alone; it is to benefit the consuming public of which labor at present is the amiable part. In labor's bill providing that the public take over the railroads and establish a tripartite control between the control of the railway operating management and the employees, the labor organizations of America have established this new policy which envisages their condition not only as producers, but also as consumers."

RELIEF ONLY TEMPORARY

It marks the step by which organized labor passes from demands for wage increases to demands that the system of profits in industry be overhauled. Hitherto during successive wage negotiations and arbitration awards, we have called for provisional settlements only, of questions arising out of difference as to wages, hours and conditions of labor. That principle of "genuine cooperation and partnership" based upon a real community of interest and participation in control of which President Wilson has spoken to congress, has been ignored both by labor and by the private owners of the railroads.

"What wage increases have been received during the past few years resulted in immediately being followed by more than proportionate increases in the cost of living. Each rise in wages has turned out to mean only temporary relief for the affected workers. When the increases have gone around the circle, labor as producer loses the advantage of the new wages through the additional cost it pays as consumer. Moreover, through compounded profits taken in these wage increases, each circle becomes an upward spiral of costs which the consuming public vainly reaches to control."

WILL PROBE COST OF ALL NECESSITIES

COLUMBUS, O., August 5.—Not only the price of foodstuffs, but the cost of other commodities will be probed by the Franklin county grand jury, according to Prosecutor Hugo N. Schlesinger today.

He indicated that he and his assistants will probe charges for wearing apparel, house furnishings and other necessities. The grand jury will be convened next Monday.

FRENCH GENERAL IN COMMAND

PARIS, Monday, August 4.—(Havas)—Premier Clemenceau today conferred with Marshal Foch and the members of the inter-allied supreme council. Afterwards it was decided, having regard for the importance of the French troops on the Rhine, to give a French general command of the allied troops of occupation.

PRESIDENT DEVOTING WHOLE ATTENTION TO H. C. L. FIGHT

WASHINGTON, Aug. 5.—Attorney General Palmer expects to be ready to present a preliminary report to President Wilson today concerning possible steps to be taken by government agencies in the effort to reduce living costs.

Julius H. Barnes, president of the United States Grain Corporation, has been called to the White House for late today, and it is understood the president will take up with him a proposal to restore wheat to a free market, with the government making good the difference between the market price and the \$2.25 guarantee to the farmers.

Conferences with Republican and Democratic senators on the League of Nations have definitely been abandoned by the president until the problems of the high cost of living are solved, Secretary Tumulty announced.

The president, Mr. Tumulty said, is going to give his whole time to the question of the high cost of living.

Administration officials feel that one way to decrease the cost of living is to increase production, and President Wilson is understood to feel that strikers now, or threats of strikes, will interfere materially with any solution of the problem sought by government agencies.

Britain And Argentina Near Break

BUENOS AIRES, Aug. 4.—Diplomatic relations between Great Britain and Argentina, as a result of the purchase by Argentina of the German steamship Bahia Blanca, are delicate, according to La Nacion.

In tomorrow's edition the newspaper will say:

"Regarding rumors which from the beginning have been founded on more than supposition, we have received versions, the gravity of which are self-evident, and according to which the return to London of Sir Reginald Tower, British minister to Argentina, and the departure of Francisco Alvarez De Toledo, Argentine minister to England, from London are not disconnected. On the contrary, it appears the retirement of both ministers, if traceable to the purchase by Argentina of the steamship Bahia Blanca from the Germans, which purchase the British government refused to recognize."

Following this refusal, Argentina attempted to solve the difficulty by appointing as minister at London, Senor Toledo, who as minister of war, handled the negotiations for the purchase of the ship. He presented his credentials to the British foreign office some time ago, but a considerable period has elapsed without King George receiving him. It is reported there is no probability of his reception to the near future. It appears this might have been expected as the British government never stated that Senor Toledo was persona grata. It will be remembered the Argentine government has waited a long time for a response to its inquiry as to the purchase of the Bahia Blanca and there now appears reasons for believing that Sir Reginald's favorable intimations relative to the deal were solely his personal impressions.

Another newspaper, Las Noticias, in commenting on the situation says: "Sir Reginald Tower is being recalled and Senor Toledo is returning because King George has not received him."

"The occasion for the present situation," it adds, "is the refusal of the British government to recognize the purchase of the Bahia Blanca, but the real cause underlying the crisis is the Argentine government's hostile attitude toward British capital invested in Argentina."

Before Senor Toledo sailed for London, it was announced he would go on the Bahia Blanca. A day or two later, however, a British cruiser took up a position off the river Plate, Senor Toledo subsequently went to London on a regular liner.

According to a current version of the matter, an effort is being made to enlist the aid of the United States in settling the question of the purchase

Rumanians Plundering In Budapest

PARIS, August 5.—Telegrams from American officials at Budapest state that Rumanian troops upon entering Budapest yesterday started plundering in the suburbs. Fifteen or twenty civilians were killed by the Rumanians during the day, it is added.

The American reports said the Rumanians were demanding hostages and threatened to kill five hostages for each Rumanian soldier injured in Budapest.

Some members of the new Hungarian ministry, the telegrams state, have been arrested by the Rumanians, who have mounted machine guns in various parts of the city and demobilized the local police. The city is absolutely under military control.

WARREN MAN HEADS OHIO SELECT LIST

CLEVELAND, O., August 5.—Colonel P. S. Van Gorder, one of the publishers of the Warren Daily Chronicle, was elected president of the Ohio select list of daily newspapers at its annual meeting here late yesterday, succeeding Harry E. Taylor, of The Portsmouth Times.

C. H. Spencer, of the Newark Advocate, was re-elected secretary-treasurer.

By unanimous action the publishers directed their directors to affiliate with the advertising bureau of the American Newspaper Association.

In addition to Colonel F. S. Van Gorder, who commanded the 145th Infantry overseas, and Mr. Spencer, directors chosen included Fred Walker, of the Coshocton Tribune; J. A. Chew, of the Xenia Gazette, and W. H. Thompson, of the Delaware Gazette, and E. R. Cappellet, of the Mansfield News, who also was elected vice president.

New Boston Council Paves Way For Vote On Annexation

Solicitor Instructed To Bring In Legislation For Vote On Question

At an interesting meeting of the New Boston council Monday night, the body by a vote of three to two, instructed Solicitor W. H. Sprague to bring in the necessary legislation for the voters of New Boston to vote on the question of annexation to Portsmouth on the November election.

The resolution which will have to be passed by council will be presented at its next meeting which will be in two weeks.

The following Portsmouth trustees, Marvin C. Clark, C. W. Wilson, Attorney Angelo Skelton, H. M. Blair, Attorney A. Z. Blair, Simon L. Blair, John Eckhart, George Vandivort, Albert Moore and Edgar P. Draper, were present in large numbers to take steps to give the voters of New Boston the right to vote on the all important question.

On motion of Dr. W. G. Cheney, it was decided to hear the voters from Portsmouth first instead of making them wait until the end of the council session.

Attorney A. Z. Blair was spokesman for the business men present and represented the Whitaker-Glennier Company, the Portsmouth Solvay Coke Company and the Brooke Manufacturing Company.

Judge Blair said: "At a meeting of the Portsmouth citizens several days ago, we decided to come before council with this matter of annexation, the combining of various municipalities, the one large city which would mean a better organized force and effort which would argue well for the future."

He spoke for sometime on the central waterway route connecting Portsmouth and Salisbury and what it means for the future of this vicinity. He urged the combining of the several villages so the proper effort could be put forth in securing this canal for Portsmouth.

He mentioned how cheaper from ore could be brought here from the lakes and how Portsmouth and adjacent territory would develop into one of the greatest industrial centers of the country.

Judge Blair also mentioned how the completed locks and dams in the Ohio would give this city connection with the great southwest and South America.

He also explained how the large corporations he represented had for some time stood fast to the idea of being satisfied to remain in the village and out of Portsmouth but that they now see the opportunity for making this a wonderful industrial center by all joining together in one well organized body.

Judge Blair said that all they asked was for council to grant the voters the power to vote on the question at the earliest possible time. He then read the following in which the three larger manufacturing interests set forth that they will take steps to annex themselves to Portsmouth if the village does not act favorably on the annexation question.

BIG PLANTS FAVOR ANNEXATION PROJECT
To the Council of the Village of New Boston, Essex County, Ohio:
Gentlemen:—The undersigned being the owners of large tracts of real estate situated in the village of New Boston, Ohio, do hereby request and petition your honorable body to take such steps as may be necessary, to admit the question of annexation of the Village of New Boston to the City of Portsmouth, Ohio, to the voters of said village at the coming November election.

The undersigned makes this request, believing that the people in these two municipalities and the adjoining territory should be enabled in one organization as the greater City of Portsmouth, in order to effectively meet and care for the opportunity for greater industrial improvements in this vicinity. The undersigned have until this time supported the proposition of New Boston remaining a separate municipality. They believe, however,

that the time is now opportune for the uniting of these two municipalities, and if this is not done, will take such steps as are necessary to detach themselves from the Village of New Boston and annex themselves to the City of Portsmouth, and be subject to its Ordinances and Regulations, believing such steps necessary for the best interest of the community, as well as the best interest of the undersigned.

The real estate of the undersigned may be detached from the Village of New Boston, and attached to the City of Portsmouth, under and by virtue of Section 3775 of the General Code, which reads as follows:

"When a city and village adjoin each other, and the inhabitants of any portion of the territory constituting a part of the village desire to be detached therefrom and annexed to the city, on application of the council of the city and on written request of two-thirds of the legal voters inhabiting the territory proposed to be annexed, the commissioners of the proper county may cause such alteration to be made, and the boundaries of the city and the village, respectively, to be established in accordance with the application and request, and such territory thereafter shall constitute a part of the city. In all such proceedings, the county commissioners shall be governed by the provisions as far as applicable of this chapter, prescribing the manner of proceeding on applications for the annexation of adjacent unincorporated territory to municipalities."

Hoping that your honorable body may realize the importance of a union of all the people in this vicinity in a greater Portsmouth, and grant the prayer of this petition, we are, respectfully,

OBITUARY

Mrs. Maud Walter
A long and useful life was ended Monday evening at six o'clock when Mrs. Maud Walter, wife of John Walter of 1215 Third street, closed her eyes in everlasting sleep. Mrs. Walter had been ill for some time suffering from leakage of the heart, taking a sudden turn for the worse last Tuesday. She was a highly esteemed resident and her many friends will learn of her death with deepest regret.

She was a devoted Christian being a member of the First Christian church for many years. The deceased was born in Virginia September 15, 1849 being 69 years, 10 months and 20 days old. Besides a host of friends and relatives she leaves to mourn her death her husband, John Walter, two daughters, Mrs. Charles Reinhardt of Tenth street and Mrs. D. E. Reed of Corvallis, Oregon, two sons, Frank Walter of 563 Front street and Harvey Walter of 1111 Third street, four grand children and two brothers, Charles Springs of Texas and John of Maryland.

Orlet Funeral
Funeral services of the late Joseph Orlet, well known local farmer, who was found dead in bed early yesterday morning, will be conducted from the Holy Trinity church of local creek Wednesday morning at 9 o'clock, with Father H. J. Taske in charge. Burial will be in Pond Creek cemetery.

BANDHOLTZ APPOINTED
PARIS, August 5.—Rigidier General Harry H. Bandholtz, former chief of the Philippine constabulary, has been appointed by the American delegation to the peace conference as American representative on the inter-allied military commission, which will go to Budapest to arrange the terms of an armistice. General Bandholtz leaves Paris at once for Budapest, the English and French representatives being either in that city or on their way there.
